COVID-19 MEASURES

In case you were wondering if it is safe to come inside:

We kindly ask that if you have travelled recently or if you are feeling unwell to refrain from entering our premise;

- If you have recently returned from overseas or have come into contact with someone who has;
- If you have come into contact with the virus.

In these uncertain times, we want to reassure you of the usual and extra precautions we are taking:

- The introduction of a Phone Appointment Policy
- Disinfection of the reception desk and door handles in regular intervals throughout the day

We are monitoring the situation closely and operating business as usual.

If the time comes that we need to take extra measure, we will do so in the most responsible way as advised by the right authorities.

To reduce any potential risk please leave documents on the front desk. These will be cleared immediately maintaining confidentiality of your documents.

Thank you - Mott Finnis & Co
